B. PURPOSE:

The Medical Audit is a planned program which objectively monitors and evaluates the clinical performance of all practitioners, which identifies opportunities for improvement and provides mechanism through which action is taken to make and sustain those improvements.

- Medical Audit is done primarily to determine the quality of outcome.
- Diagnostic facilities are up to highest available standards.
- Ensures improvement in medical practice.

Hospital statistics are crucial for decision making at all levels of health care systems. Health records are the primary source of data used in compiling health care statistics. Hospital statistics the information obtained from hospital indoor and outdoor facilities regarding quality of care, utilization services, quantity of services delivered, workload and other hospital related administrative and logistics affairs.

- It facilitates better decisions in policy design, health planning, management, monitoring.
- And evaluation of program and services including patient care and facilitate improvements in overall health services performance and outcome.
- Provide management with information necessary to plan and control efficient patient care.

C. OBJECTIVES/FUNCTIONS OF THE COMMITTEE:

- Implement a medical audit and review program, which includes mortality and morbidity reviews and utilization reviews.
- Facilitate implementation of clinical standards and guidelines.

- Monitor all medical audit and review activities within the hospital.
- Facilitate education and training programs for all medical audit staff within the hospital.
- Measure of health status of the community and healthcare utilization.
- Measure of evaluation of quality of care.
- Guide for planning future development of the hospital.
- Evaluate effectiveness and efficiency of the administration.
- Comparison of present and past performance of the hospital.
- Appraisal of work performed by the medical, nursing and other staff.

D. POWERS /DUTIES OF THE COMMITTEE:

- To take action as required based on the audit findings.
- Initiate Medical audit programs in the hospital.
- Keep oneself abreast with the recent developments in the healthcare.
- Make necessary suggestions and recommendations so that the error is not repeated.

E. FREQUENCY OF MEETINGS:

Members of the committee meet once in two months.

F. TENURE OF THE COMMITTEE:

The appointed member serves a one -year term.
